Service Information

NuSkope Apartment Plans are a stand-alone internet only product which does not form part of a bundle.

Minimum Term

1 month

Service Availability & Requirements

NuSkope Apartment Premium Plans are only available in certain NuSkope enabled apartments within South Australia. Initial service qualification checks will need to be performed to determine the availability of the service. If you require WiFi within your apartment, you will need an Ethernet WAN (eWAN) compatible WiFi router.

Apartment Premium Service Speeds

NuSkope apartment buildings are connected via Fibre Backhaul or Radio Link to the NuSkope network.

Fibre backhaul and Radio Link service speeds are variable based on the time of the day, your location, and the below factors:

Factors that can affect NuSkope Link speeds to the Apartment Complex:

- Backhaul Capacity
- Performance and Capacity of local NuSkope network equipment (Switches, Routers, etc.)

Factors that can affect your local (end user) network speeds within the apartment unit:

- Performance of your network equipment (such as routers, switches, WiFi extenders, or power-line adapters).
- Connecting to the router via WiFi instead of an Ethernet LAN cable.
- Quality of internal data cabling (if present).
- Amount of people using the internet within the apartment at the same time.

For more information and factors that can affect speeds, you can visit www.nuskope.com.au/speeds-and-performance
